# Class C: Normal / wide angle

1. Pekka Tuuri FIN

Good use of over/under shot with action on the water surface. Both light and speed are good.

2. Anne Mari With Ottesen NOR

Nice hanging starfish with good backlight and well-balanced lighting in front. Good placement in the image.

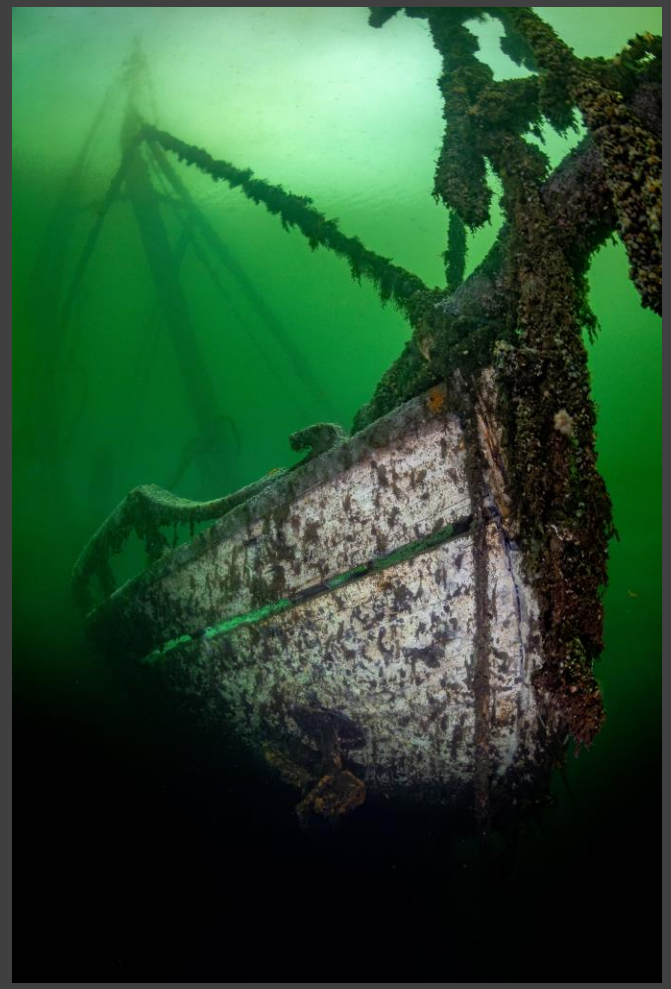

3. Lars Nedergaard DEN

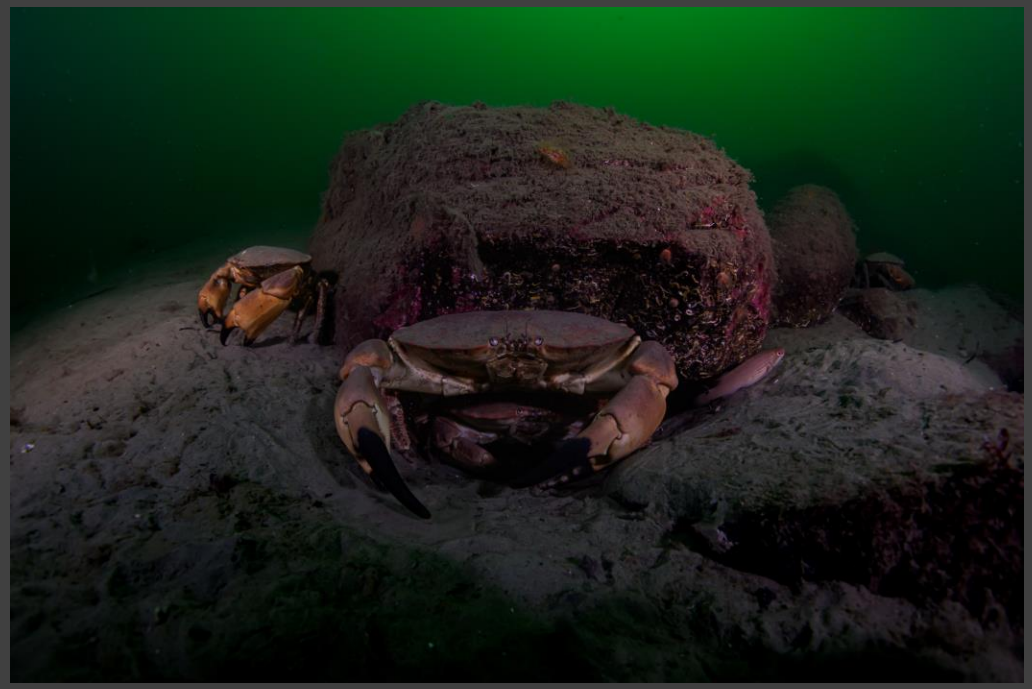

Good use of over/under along with evening light against the light under the surface. Would have liked to see the entire top of the jellyfish.
